AquaSilk Serum

'New'

This hydroactive concentrate with hyaluronic acid, vegan silk peptides and the Glucolift matrix complex leaves the skin refreshed, smooth and refined. It is suitable for all skin types in need of an intense instant hydration boost. This boosting serum prevents expression wrinkles and loss of firmness leading to an instant smoothing effect.

Use morning and evening under moisturising cream for best results.

Essential ingredients include Shii-take Immune modulator, baobab-hibiscus complex, algae extracts, vegan biotech silk proteins, hyaluronic acid, Glucolift complex, golden sea weed, Cytorepair Peptide, organic ginseng extract, organic ginkgo extract, Q10 Liposomes, vitamins A,C,E, liposomic D-panthenol, liposomic hyaluronic acid.

Aquasilk Serum is available as 30 ml retail size and 30 ml salon size.

Use morning and evening after thorough cleansing and toning. Apply AquaSilk Serum quickly to the entire face and follow with skin suitable moisturiser. Please be aware that product residue in the dispenser opening can dry and form a plug depending on the texture of the product. This does not affect the product quality.
