Phyto-Sensation Elixir

Phyto-Sensation Elixir is an elite 3-weeks skin replenishing treatment. A special composition of natural phyto-hormones from different plants stimulates the formation of Collagen and Elastin depots. It actively counteracts the loss of elasticity, facial tone and the consequent wrinkle formation. Day-by-day the face becomes firmer and fresher.

PRODUCT

- 3 weeks restructuring treatment, home care kit with 3 x 9 ml closable ampoules

ESSENTIAL INGREDIENTS

- phyto-hormones from Wild Yam, Red Clover, Soya and Hops, Q10, Aloe Vera, Vitamin E, Anti-Stress complex

EFFECT AND PROPERTIES

- for anti-aging regenerative treatments
- against cutaneous thinning and wrinkle formation
- for photo-aging affected skin (elastosis)

APPLICATION

- apply as restorative care alone or with dry skin as supplementary care under the daily cream
