## Soft Peeling

This vitalizing exfoliation gel removes dull, flaky skin cells, enhances blood circulation and improves the effect of following skin care products. The application refines the skin profile while revealing a fresh, smooth and even complexion. Soothing plant extracts, such as Aloe Vera and Centella Asiatica prevent irritation and promote a comfortable silkiness.

**PRODUCT** - naturally green coloured, soft exfoliating gel, with round PE abrasive particles. 50ml flat tube retail size, 250ml tube salon size

**ESSENTIAL INGREDIENTS** - PE balls as abrasive particles, Aloe Vera, anti-irritation complex with liquorice root extract, D-panthenol, urea and allantoin

**SKIN TYPE** - suitable for all skin types, except on inflamed acne or teleangiectasia (dilated blood vessels) areas

**EFFECT AND PROPERTIES** - vitalizing peeling on gel basis - easy to apply - removes calloused skin with light massage - inhibits inflammation - slightly soluble in water and economical to use

**APPLICATION** - use after preparatory cleansing or before applying an ampoule, mask or other active ingredient - can be used on affected areas - apply with gentle circular motion to area to be treated - pressure and duration of application depends on type of skin - remove thoroughly with lukewarm water or compresses

**NOTE** - ideal for partial body treatment, e.g. neck, rough forearms, elbows, etc. - also highly suitable for deep cleansing with rotary brush
