

# Dr Belter UK - Professional Skincare Brand

*Dr Belter*

The DR.BELTER® COSMETIC Sun Protection products protect sensitive skin from sunburn and other harmful effects of the sun. The non-greasy formula uses proven UVA & UVB protection ingredients and is free of colorants and fragrance. Even while sunbathing, it provides moisture and nourishing elements to the skin leaving it well-balanced and healthily tanned. Sun-induced skin aging and the formation of hyperpigmentation is effectively prevented.
